

Black Paso Fino Gelding

FOR SALE

LeVante El Amador

Beautiful all black registered Paso Fino gelding foaled May 29, 2004. He stands 14.2 hands and weighs approximately 900 lbs. LeVante has had 4 months of traditional Paso Fino training and participated in an Alberto Sierra clinic. He has 3 ½ years of high mountain trail riding, camping, high line, bridges, water, bikers, backpackers and dogs. He has over 60 hours of trails this year has very nice gaits and is fun to ride. I've taken him through a Mountain Trail course and he would make a wonderful competitive prospect. He will side pass and turn on the forehand and haunch. He has great bone and very nice confirmation. He is current on shots, worming and teeth. He stands nicely for the farrier and vet. He loads well in the trailer but does paw some. Recommend intermediate rider. \$3750
