Subject: pipe for sale

I am changing my pasture to incorporate rotational grazing. In doing so, the irrigation zones will have to change. I will be decommissioning my "solid set" sprinkler system. Therefore, I have 1,650' (75 lengths) of 2" aluminum hand line for sale. The lengths were custom cut to between approx 21'- 29'. The price is \$1.25 per foot, with no risers or heads included. Please call Jake, cell 208-720-4263.
