

Silver Bridle, Bronze Statue; Mahogany Rocker

This is a silver halter and reins I would like to sell. We paid well over \$500.00. for it ... I don't think we ever even used it.

It would make a great Xmas gift. We sold our place and are trying to dig out and get rid of stuff. We are sizing down. I would like \$325.00 or obo on this.

This is from D & B bronze. I would like \$75 for it.
No chips, etc. Very nice.

I have a beautiful very large cherry roll top computer desk w/matching bookshelves. This just does not fit into our home now. I am asking \$575 for all 3 pieces. I will sell the book shelves separately too. \$100 for the book cases by themselves. I don't have a picture yet.... It is all in pieces in the garage. ☹

This rocker is over 200 yrs old. It is very nice with pretty detail. I would like \$125 for it. It is made of mahogany.
