

Second Hitch

If there is a second hitch crews would stay at the Paddy Flat Guard Station (water, toilets, shower, beds, stove, fridge, sink, heat). The following trails are usually open by July. These trails typically receive annual maintenance. The McCall and New Meadows Ranger Districts hope that the Trail Rangers will log and brush these trails.

OR

If there is a second hitch and if Hard Creek Guard Station is operational crews would stay at the Hard Creek Guard Station (water, toilets, shower, one bed, stove, fridge, sink, heat). The following trails are usually open by July. These trails have been cut out either last season or the season prior. The McCall and New Meadows Ranger Districts hope that the Trail Rangers will log and brush these trails.
