Holistic Hoof Care Trimming Course

Whether you are a horse owner, trimmer, or farrier, this course will help you to improve your trimming skills. The goal of this course is to teach the care provider how to return/maintain health and performance in the shoeless horse. This course is taught by [KC La Pierre](#), MIAEP, RJF, CF, APF. KC has taught the world over and is recognized as a leading expert on the equine foot. He has been a professional farrier for over 35 years and has taught applied equine podiatry for over 20 years.

In this 5-day course, you will learn Functional anatomy, foot function, hoof health, tool use, and the application of the HPT Method of balance. Also covered are hot topics such as: How to recognize and deal with Laminitis, Founder, Navicular problems, and other foot disorders. Demonstrations by KC and one-on-one hands-on guidance are provided. A highlight of this course is an in-depth hoof dissection performed by KC. Don't miss out on the opportunity to learn from one of the best!
