*The Treasure Valley Back Country Horsemen is a nonprofit organization working toward the preservation of the back country. Our membership is comprised of horse men and women who love our great outdoors and who want to be sure that recreational horse and mule use on public lands will remain a part of our American Heritage forever.*

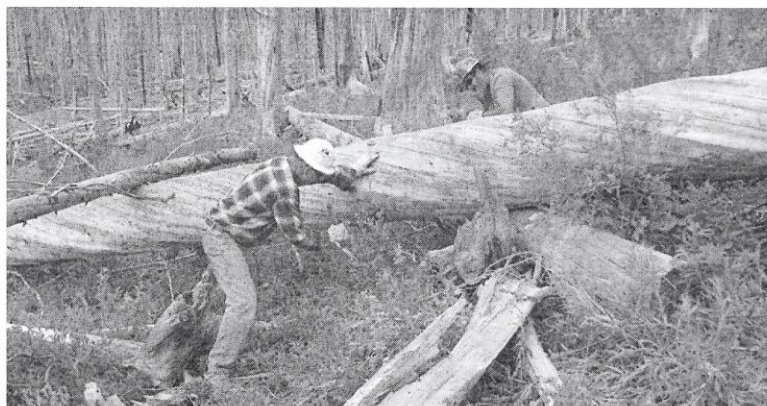

*We are one of 16 chapters in Idaho under the umbrella of Back Country Horsemen of Idaho and Back Country Horsemen of America.*

### Our Purpose

- To perpetuate the common sense use and enjoyment of horses in America's backcountry and wilderness.
- To work to ensure that public lands remain open to recreational stock use.
- To work with the public agencies in cooperative work programs, to maintain existing and to build new trails, trailheads and other facilities for horsemen and the general public.
- To educate, encourage and solicit active participation in the wise use of the backcountry resource by horsemen and the general public commensurate with our heritage.
